My Portfolio

SUMMARY

IT student and passionate Game Developer with over 1 year of hands-on experience in Unity and C#. Specialized in building **3D gameplay systems, AI behaviors, and puzzle mechanics**.

Experienced in developing complete game experiences from concept to prototype, including **gameplay programming, level design, and 3D asset creation using Blender**.

Strong collaborator with a focus on **game feel, immersion, and player experience**, with proven ability to contribute effectively in team-based development environments.

PROJECTS

Dungeon Puzzle , *Unity, C#, Puzzle, 3D*

- A puzzle-based gameplay experience where players navigate through dangerous dungeons.
- Focused on avoiding death traps and overcoming environmental challenges to reach the exit.

The Scary Library , *Unity, C#, Horror, AI, Game Jam*

- A horror game developed during a Game Jam (By Enjaz club) featuring an AI enemy that hunts the player.
- Requires players to solve book-based puzzles using 5 books to escape the haunted library.

The Hidden Kanz , *Unity, C#, Combat, AI, 3D*

- A combat-based dungeon crawler where players fight waves of skeleton AI enemies.
- Utilizes sword combat and magic abilities to survive and clear the dungeon.

EXPERIENCE

10/2024 – 08/2025

Enjaz Club Member (IMAMU) - Game Development section, *Enjaz IMAMU*

- Worked closely with a team of developers on various game projects with a focus on enhancing gameplay logic.
- Played a key role in developing interactive experiences, utilizing efficient coding techniques and creative problem-solving skills to engage users.

EDUCATION

12/2023 – Present **Information Technology - Bachelor's degree,**
Imam Muhammad ibn Saud Islamic University

SKILLS

Problem-solving | Team Problem Solving | Teamwork | Self Learning

Game Programming | Game Mechanics | Game Design | Unity | C# | Al

Blender | 3D Modeling | HTML | CSS | Java Script | Java

CERTIFICATES

Complete C# Unity Game Developer 3D (Updated To Unity 6). 기 Udemy — Udemy / GameDev.tv
